Review
Notes about Exam
Important Concepts

• Information hiding
  ▪ Visibility access

• Exceptions
  ▪ Provide the cause and place of errors.
Important Concepts (cont.)

• Inheritance
  ▪ Code reuse
  ▪ Polymorphism (method overriding)

• Genericity
  ▪ Implementation is independent of data type

• Data structures
  ▪ ArrayList, LinkedList, Stack, Queue, Map, tree
Important Concepts (cont.)

- **Hashing**
  - Store many elements in a limited amount of space.

- **Sorting algorithms**
  - Quick sort, merge sort, heap sort

- **Graphs**
  - Shortest-path problems
Exam

• Do the exam individually.

• You will get the exam questions on Tuesday, March 23.
  ▪ The exam deadline is at the end of the day on Tuesday.

• Write answers in a document. For questions that require drawing, you may take the pictures of answers.
  ▪ Please make your answers readable :)

• I’ll be in the class for answering questions on Tuesday.
Question Types

• True/False

• Multiple choice

• Fill blanks or short answers

• Coding

• Draw figures and fill tables
Topics Not Covered in Exam

• Eclipse

• Unit testing

• Version Control

• Java Virtual Machine

• Random-Number Generation
Course Evaluation
